Golden, Colorado 80401

Dear Mr. Carlson:

We are reviewing the draft Technical Memorandum No. 1, Data Compilation, Volume 1, Rocky Flats Plant 700 Area, Operable Unit No. 8. This document presents data obtained in Stage 1 data compilation and sampling history for the foundation drains and storm and sanitary sewer lines in parts of the Industrial Area at Rocky Flats. The Colorado Department of Health and the Environmental Protection Agency are reviewing the draft concurrently with the Department of Energy (DOE).

We typically make copies of documents available to the Natural Resource Trustees for comment. Because of the limited interest anticipated from the Trustees in this draft document individual copies will not be submitted. However, a copy will be available for your review at the offices of Jacobs Engineering at 600 Seventeenth St., Suite 1100N, Denver. You may review the document at that location during normal business hours. Contact Terresa Jehn'Dellaport of Jacobs Engineering at 595-8857, if you wish to review the document. If you have comments on the document, please submit them to DOE by May 23, 1994. Please do not comment directly to Jacobs Engineering..

Please contact Steve Slaten of my staff at 966-4839, if you have any questions.

Sincerely,

Scott R Grace for
